Alcohol and Other Drug Prevention Services – Description

ALCOHOL AND OTHER DRUG PREVENTION SERVICES (AODPS)

Alcohol and Other Drug (AOD) Prevention Services (hereafter "Prevention Services") are comprehensive, evidence-based AOD primary prevention services that enhance protective factors and reverse or reduce risk factors, which contribute to AOD-associated problems. Prevention Services are defined as strategies, programs and initiatives which reduce both direct and indirect adverse personal, social, health, and economic consequences resulting from problematic AOD availability, manufacture, distribution, promotion, sales, and use. The desired result of Prevention Services is to promote safe and healthy behaviors and environments for individuals, families and communities.
